BUYING WOOD **MADE EASY**

Lumber**TECH** is a wood exporting company based in **Costa Rica** with the mission to make it easy and safe for our customers to buy the best quality wood while practicing a sustainable, socially responsible, trust based business culture.

SOCIAL RESPONSIBILITY

TRUSTWORTHINESS

SUSTAINABILITY

WE RESPECT YOUR TIME

We enable our trusted clients a platform to order wood directly from our website where we display our **updated prices** and **latest information**. Receive your order request confirmation within 12 hours and utilize our **24 Hour** line for negotiations and detailed information requests.

WE THINK **LONG-TERM.**

FROM THE **ROOT** TO YOUR **DOOR**

What differentiates us from other wood providers is that we handle 100% of the trade process from the moment the wood is cut until it is delivered FOB or CIF to your port of choice. Our in-house sourcing experts put our teak farms through the toughest quality checks before acquisition.

The harvesting and transportation of the logs is handled by our highly trained team, ensuring a highest quality end product acquired through safe and sustainable practices.

OUR LUMBER

A Capital Union Group endeavour

TEAK

Harvested from the pacific region of Costa Rica our Grade A teak wood meets the highest quality standards and phytosanitary regulations.

We guarantee a crack, fungus and pinhole free product with all the respective documentation and certificates.

Our teak wood is used in different industries all around the world. From door frames in New Delhi to mega-yacht decks in Monaco, LumberTECH has the best teak for your needs.

We offer our teak in any format you require.

- Round & Square Logs
- Precut Beams

Melina

Our locally sourced melina wood is being used around the world in the furniture, car, instrument and prosthesis industries. Thousands of tonnes of cargo around the world are transported daily on melina pallets made from our wood. Our melina wood is your best option for industrial and manufacturing needs.
